2021

It can be said these past 10 years have been interesting and a cross road in American Society. 2011 saw the 10 year effort to find Osama Bin Laden come to a close, as he was killed in a safe house in Pakistan. In 2013 Hurricane Sandy struck the coast of New Jersey, causing over 65 Billion in damages. Sandy had the range of over 1,100 miles. The Affordable Care Act finally became law in 2014 with over 7 million being insured. Many lost their existing coverage, only to find higher premiums and deductibles.

In 2015, riots happened in Baltimore, over the death of Freddie Gray in police custody, coupled with the Ferguson Mo. riots, led to the formation of Black Lives Matter. Police policies have now been in question, as defunding in Cities across the Country is debated.

In 2016 Donald Trump emerges as the Republican front runner in a crowded field, Hillary Clinton becomes the Democratic selection. Trump becomes President in a very nasty campaign by both.

Covid 19 enters into 2020, changing just about everything we use to consider normal in our daily lives. No need to go into detail, all of us have been affected. Let's hope that the 2020's will bring back better days. From all of us at American House, wishing you the very best for 2022.

OUTINGS

January 7th.....Wal-Mart W/Lunch

January 21st..... Butterfly Garden W/lunch

January 14th..... Target W/lunch

January 28th..... Macy's W/ Lunch

Come Fly We me

The Come Fly With Me program is designed to take our American House residents on a journey to some of the world's most well-known and unique regions! Each month, we will travel the globe and explore each location's natural wonders, wild

life, history, pop culture fashion, cuisine, art, music, dance and more.

The Caribbean consists of 700 hundred Islands, The three largest are Cuba, Jamaica and Hispaniola. But today we are going to look at Aruba. It has become one of the finest tourists destinations in the world. Not only from the U.S, but Europeans of every nation have ventured to Aruba for Holiday.

Located only 17 miles off the coast of Venezuela, it's pristine beaches, diving, golf and boutique shopping, makes for a wonderful vacation for everyone. Aruba has been a Dutch Territory since 1792. It is still one to this day. At one time Standard oil and Royal Dutch Shell had oil refineries on the Island. Shell finally closed their plant in 2017 ending over 60 years of refining oil. Oranjestad is the Capital of Aruba.

English is spoken throughout the Island, with the Dollar accepted everywhere. Aruba is home to many exceptional ethnic restaurants. European flair, throw in some Caribbean Specialties and there is no limit to your choices One notable Italian venue is the Light House located on the very North part of the Island. Impeccable Northern style dishes and enjoy watching the Wild goats roaming the cliffs from below.

It is truly a perfect destination for a visit. With plenty of non-stop flights and reasonable airfare, put Aruba on your to do list.

Note from Executive Director

Hi everyone! I would like to welcome all our new residents. Please help them feel at home and introduce yourself and make them smile. Thank you! Judi
