## Resident of the Month

Congratulations! Ms. Janis Quigley was born in Utah, the youngest of four children. Janis started tap and ballet at a young age. She met her sweetheart, Collin, in high school and they married in December of 1957. Collin began his career in the U. S. Army as an officer. The couple was blessed with twins; a boy and a girl and then also another son. They now have eight grandchildren. Janis followed her

dreams as a ballet dancer, artist and singer. She studied ballet under professional dancers and as a teenager she was a cast member in two musicals, "Bye Bye Bridie" and "The Music Man". She also competed in the Miss Bountiful Pageant and was crowned Miss Runner Up! As seen in her room, Janis also enjoyed working with pastels. She has a Kermit The Frog and Miss Piggy painting which she completed. We applaud Ms. Janis for following her dreams and receive encouragement from her to follow our own. Thanks for being you Ms. Janis!

## April Encounters

Elm Tree

The majestic elm tree originated in Central Asia but is now common throughout the northern hemisphere. Elm trees are a main stay in temperate forests across the globe. In Europe and America they are a favored shade tree found in parks, in

gardens, and along streets. There are around thirty-five species of elm, which are deciduous and semi-deciduous. The trees have toothed leaves and make a nut-like fruit. Elm wood is strong, flexible, durable, and holds up well in water which makes it ideal for use in the construction of boats, furniture, and farm buildings.
