National Nurses Day, May 6th

We are proud to recognize Susan, whose life has been defined by compassion, curiosity, and a deep commitment to the nursing profession. Susan recently moved to Laurelwood with her beloved cat, Trixie, and has already made a wonderful impression on our community. Born and raised in Quincy, Susan pursued a lifelong passion for education. She earned her bachelor's degree from Boston University, her master's from Indiana University, and completed a doctorate in Adult Education at Northern Illinois University. Her nursing journey began as a staff nurse at Mass. General Hospital, where she later transitioned into a teaching role. This love of education carried her all the way to the University of Nebraska, where she spent 20 years shaping the next generation of nurses. In addition to her distinguished career, Susan has traveled the world, experiencing different cultures and perspectives that have further enriched her understanding of people and health care. She's seen firsthand how the nursing field has evolved over the decades and continues to reflect on those changes with insight and wisdom. These days, Susan enjoys more leisurely pursuits, like working on jigsaw puzzles, testing her knowledge with trivia, and exploring local museums. We are deeply grateful for her lifelong dedication to caring for others.

May Birthdays.
